

350kW Mobile Energy Storage Container for Construction Sites

Ideal for use in renewable power plants. Powered by lithium-ion batteries, this portable product is ready to supply reliable power in challenging situations. It ...

Flexible mobile energy storage systems for remote sites and EV charging. Get sustainable, silent, and portable power solutions with Pulsar Industries.

Compatible with photovoltaic (PV) integration, the system enables users to reduce electricity costs through smart energy management. For off-grid and backup ...

The construction site backup energy storage solution employs liquid-cooled battery PACK + liquid-cooled PCS design, which has good heat dissipation effect. It supports long-term 1C rate discharging ...
