

80kWh Indonesian power cabinet used in charging stations

Portable charging cabinets solution designed to provide power access where you need it.

The technical assistance (TA) project supported a road map, feasibility study, and implementing regulations for the deployment of electric charging infrastructure and proposed an adequate ...

These modular units combine high-capacity batteries with smart management systems - imagine a Swiss Army knife. As Indonesia's capital races toward its 23% renewable energy target by 2025, ...

Complete sets of high and low voltage distribution devices (switch cabinets) We independently develop 8 highly efficient terminal energy saving systems, which deliver 15% to 65% energy savings over ...

Local supplier BateraiKita recently powered a textile factory through 8-hour grid outages using their modular lithium-ion systems. The result? Zero production downtime and 30% energy cost savings. ...

Sre power has been focusing on battery swapping stations and battery charging cabinets for many years, serving customers in more than 50 countries and regions around the world to quickly land ...

SCU delivers high-performance DC fast chargers and energy solutions to support Indonesia's SPKLU public EV charging stations, enabling reliable, efficient, and scalable charging ...

This project involves the delivery of six (6) customized 50kW / 100kWh energy storage cabinets to Indonesia, designed for a grid-connected (on-grid) application.

Ideal for home, commercial, and utility backup power, this modern system combines high energy and power density with a long lifespan. Its modular design allows for easy installation and expansion, ...

Perfect for both households and industries, our systems not only contribute to environmental sustainability but also ensure uninterrupted power supply. Experience the seamless integration of ...

SKTESS100 is a DC battery cabinet designed for outdoor installation, featuring intelligent air cooling for efficient heat dissipation. Paired with a wall-mounted hybrid inverter, it delivers stable and reliable AC ...
