

# Customized lithium battery for energy storage equipment

Design your own lithium battery with the Battery Customizer. From voltage to layout, we build custom packs with American precision and trusted power.

Since 1965, Custom Power has designed and assembled custom battery solutions for critical OEM devices. We provide battery pack assemblies in all chemistries and for all electronic applications, all ...

Explore custom lithium battery solutions for commercial and industrial use. From idea to product, we customize lithium-ion batteries to fit your exact needs.

We offer custom housing solutions that ensure your battery pack fits perfectly within your device, with options for waterproofing, shock resistance, and temperature regulation.

At KULR we offer a full spectrum of in-house capabilities for custom lithium-ion battery pack design, testing, analysis, prototyping, and production. Our integrated approach ensures that every phase of ...

Whether you're retrofitting existing equipment or launching something entirely new, we design and manufacture lithium-ion systems, including HV battery systems, tailored to each application.

Our team specializes in custom battery pack specifications, actively participates in production processes, and is dedicated to supporting your engineers in developing the ideal battery pack for ...

Whether you are in the automotive sector (non-propulsion), renewable energy storage field, medical industry, autonomous robotics space, or looking for a lead acid replacement solution, we have you ...

Order custom battery packs at Voltaplex. As a trusted custom battery pack manufacturer, we specialize in custom lithium battery packs designed to meet unique energy requirements.

Need a customized lithium battery solution? ZEMBATT provides tailor-made battery packs for unique energy storage and industrial applications.
