

Dometic plb40 review

Is the gear Dometic plb40 a good rig?

GEAR Dometic PLB40 review If you've not got the room or ability to have a permanent 12-volt system, the Dometic PLB40 might just be the product you've been waiting for... Some of us have the luxury of a full-time dedicated adventure rig that stays set up, and we don't really use it for much else aside from trips away from the daily grind.

Is a Dometic plb40 a good battery?

Being lithium,aside from the weight savings,it more efficiently delivers power,maintaining voltage until it's just about flat,and the battery itself will cycle many times more than the standard lead-acid we're used to using. This makes the Dometic PLB40 a clear winnerin our book. This little box retails at around \$1000.

Does Dometic plb40 work with CFX3?

The PB40 Portable Fridge from Dometic is a 40 amp-hour portable battery pack designed to work in perfect harmonywith their CFX3 line,and it packs a punch. Find it online: Product Specs Out of the box,the PLB40 has a quality heft to it,but not as much as you might expect.

What is the difference between a dometic and a plb40 fridge?

When you check after a few weeks from being charged at 100%, it will register in the mid 90% range. The Dometic, on the other hand, will remain steady at 100% with no sign of capacity depreciation over time. The PLB40 is a powerhouse option for keeping a fridge operating on your longest camping trips.

It comes with a 12v plug and AC adapter. The 12v plug converts to Dometic's locking 2 prong system so if you have a Dometic or ARB 2 prong outlet wired up this will work. The 2 prong ...
