

EU containerized generator manufacturers

What is a containerized diesel generator set?

This containerized diesel generator set is developed by Ausonia S.r.l.. This generator set is custom made specifically for power plants in LV and mV ... DIESEL GENERATORS T2 T2 series diesel generators adopt PowerLink engine to meet the needs of energy service production. Their power ranges from 8KW to 3500KW.

What are MTU gas generator set containers?

MTU gas generator set containers contain a highly powerful engines as well as a range of intelligent components and an intuitive interface that gets you up and running in no time.

Why should you choose a containerised generator?

Fire Detection Panels and Intruder Alarms: Enhanced safety and security. Our containerised generators are suitable for a wide range of applications, including: Super Silent: Super silent 65dBA at 1m for prime power running diesel and gas. Critical Backup Power: For MOD, NHS, and HMP sites, ensuring reliable performance in emergencies.

Which genset containers are available?

All genset containers are also available with an option for -40°C and most variants can be upgraded for +45°C. A broad range of options, both mechanical and electrical, are available to ensure that our containers meet the project requirements. For example, we offer several heat recovery configurations and exhaust after treatment systems.

Jenbacher offers containerized generator sets based on our Type 2, 3, 4, and 6 gas engines. Leveraging the expertise acquired during several decades with more than 3,000 containerized units delivered, ...

Leading European generator manufacturers offering high-quality, sustainable solutions. Explore our diesel, gas, and hybrid power generators.

These manufacturers create comprehensive power systems that combine robust diesel or gas generators with advanced control systems, cooling mechanisms, and soundproofing features, all ...

They are built to house and soundproof gen-sets and other industrial equipment, such as motor pumps, compressors, etc. They have building features similar to shipping containers, making ...

Find generator manufacturers in Europe supplying diesel, gasoline & silent generators for home/industrial use. Compare suppliers & prices now!

Find your containerized generator set easily amongst the 280 products from the leading brands (XCMG, GELEC ENERGY, GRUPEL, ...) on DirectIndustry, the industry specialist for your professional ...

Performance, efficiency and mobility. MTU gas generator set containers contain a highly powerful engine as

EU containerized generator manufacturers

well as a range of intelligent components and an intuitive interface that gets you up and running in ...

We provide solutions such as open-frame gas generator sets, containerized gas generator sets, and silent gas generator sets. The power range of gas-powered products is 5kW-2000kW.

We specialise in offering high-quality bespoke containerised generators from 110kW to 3.5MW for Diesel, LPG, CHP, and NG Gas application

Power generation, cogeneration or trigeneration, we deliver high-quality containerized plants that are modularly designed to meet your project's unique requirements. Our plants support different ...
