

# Farewell to the Power Grid Microfilm

In this new edition, players mark pre-existing routes between cities for connection, and then bid against each other to purchase the power plants that they use to power their cities.

Born in Traverse City, Michigan, on June 4, 1905, Power received his BA degree in 1927 and his MBA in 1930, both from the University of Michigan. He married Sadye L. Harwick in 1929, and the couple had one son, Philip. His wife died in 1991. During World War II, Power directed the microfilming of thousands of rare books and other printed materials in British libraries. He paid the library a minimal fee per exposure and then took the film to th...
