

Free photovoltaic panels are real

Are solar panels free?

Companies may offer to install solar panels on your roof at no cost to you, which is why they are sometimes advertised as 'free'. However, you are still paying for the solar electricity, not the panels themselves.

Are free solar panels a scam?

Free solar panels are not necessarily a scam, but rather a marketing tactic. Although the solar panels are free, you may have to make monthly payments to the company for the energy the panels generate.

Can I sell my home if it has free solar panels?

You can sell your home if it has free solar panels installed, but it isn't easy. Transferring solar leases and PPAs to a new homeowner is more complicated than it sounds.

What are the disadvantages of a "free" solar panel program?

Here are a few of the main downsides of going with a "free" solar panel program: **Low-quality equipment:** Some low-cost solar energy systems may also have lower-quality parts and poor-quality installations. **Built-in rate escalators:** Many PPAs and solar leases include scheduled rate escalators.
