

German manufacturer of wide-temperature outdoor communication cabinets

Who makes Sichert cabinets?

Sichert is a market leader in the manufacturing of passive outdoor and active cabinets, based in Berlin Germany. Founded in 1923, the family-owned company has always stood and prided itself for its engineering and manufacturing capabilities along with quality and trust.

What are IP cabinets used for?

Perfect for the use in indoor and outdoor areas such as industrial environments, damp and humid spaces, as well as for telecommunication and wide area (FTTx) networks. Our high quality IP cabinet variants protect your sensitive instruments from dust, moisture, dirt, and unauthorized access.

What makes a good outdoor cabinet?

Outdoor cabinets need to withstand extreme weather conditions, provide lightning protection, and support remote operation and maintenance. 5G base station-specific outdoor cabinets, integrated with intelligent temperature control and remote monitoring systems. High precision temperature control for batteries, requiring explosion-proof design.

What are Sichert cabinets?

Sichert cabinets are equipped with antenna modules on the inside for street Wifi and create the first large-scale nationwide public Wifi in Germany. In preparation of the introduction of 5G frequency bands, Sichert integrates the first Small cells and antennas fitted for 5G in their cabinets.
