EXTRACT definition: to get, pull, or draw out, usually with special effort, skill, or force. See examples of extract used in a sentence.

Definition of extract verb in Oxford Advanced Learner's Dictionary. Meaning, pronunciation, picture, example sentences, grammar, usage notes, synonyms and more.

EXTRACT meaning: 1 : to remove (something) by pulling it out or cutting it out; 2 : to get (information, a response, etc.) from someone who does not want to give it

When you extract something, you remove it from a larger whole. You can extract a passage from a book, or a liquid essence from a vanilla bean--vanilla extract.

An extract from a book or piece of writing is a small part of it that is printed or published separately.
