

Latest version of the photovoltaic panel auction announcement

What happened to the bids for ground-mounted solar photovoltaic (PV) installations?

The Bundesnetzagentur has today published details of the successful bids in the auctions for ground-mounted solar photovoltaic (PV) installations that closed for bids on 1 July 2024.

How many solar projects were selected in Japan's solar auction?

Japan's Green Investment Promotion Organization has released the final results of its latest auction for utility-scale solar energy projects. The state-run agency said that 79 MW of PV projects were selected in the procurement exercise. It was Japan's 24th auction for utility-scale solar and was expected to assign 157.8 MW of generating capacity.

Where can I find information about the solar auction?

Information on the next steps concerning the auction for first-segment solar installations that ended on 1 July 2024 is available on the Bundesnetzagentur's website at [\(in German\)](#). The updated bidding round statistics will be published shortly.

Will Germany's new solar photovoltaics support tender exceed total capacity?

Bids for Germany's latest solar photovoltaics (PV) support tender exceeded the auctioned total capacity by more than twice, said the Federal Network Agency (BNetzA) in a press release.

Find here the details for each renewable energy auction including their timing and frequency, expected deployment volumes, eligible technologies and other relevant information.

The United States Large-Scale Solar Photovoltaic Database (USPVDB) provides the locations and array boundaries of U.S. ground-mounted photovoltaic (PV) facilities with capacity of 1 ...

Bids for Germany's latest solar photovoltaics (PV) support tender exceeded the auctioned total capacity by more than twice, said the Federal Network Agency (BNetzA) in a press release.

Take the Nanchang JA Solar panel auction - 50 pristine 585W bifacial modules sold through what essentially became a tech spec showdown. Bidders analyzed LID (Light Induced Degradation) rates ...

The French Energy Regulatory Commission (CRE) has just published the results of the latest ground-mounted photovoltaic tender (period 7 of the ground-mounted PV tender) for a total ...

Search latest and upcoming global Solar Photovoltaic (PV) tenders, bids, RFPs, and ICBs with our comprehensive online database.

Welcome to our dedicated page for The latest auction record of photovoltaic panels! Here, we have carefully selected a range of videos and relevant information about The latest auction record of ...
