

# Moldova Huijue 314ah lithium iron phosphate battery pack

This is what is inside the pre-built battery banks, you can buy the cells separate and assemble on your own shelf and attach breakers, a BMS and/or active balance module.

Y Battery Size 314AH Brand Name HA Model Number 3.2V 314Ah Place of Origin Guangdong, China Dimension (L\*W\*H) 72\*175\*207mm Weight 5.6kg Battery Type Lifepo4 Prismatic Battery Nominal ...

High Energy Density: Provides a high capacity of 314Ah in a compact and robust prismatic form factor. Excellent Rate Performance: Capable of high discharge and charge currents, supporting applications ...

Ideal for various applications, from renewable energy systems to electric vehicles, the HiTHIUM battery provides reliable and efficient energy solutions. Choose HI314 for a dependable power source that ...

Hithium 314Ah 2pack LiFePo4 Cells with M6 Terminals. Our Hithium LiFePO4 cells are Grade A lithium iron phosphate battery with original label.

Individual pricing for large scale projects and wholesale demands is available.

The HuiJue Energy Storage Battery System combines high performance, long life and intelligent management to provide high-end energy storage solutions for a wide range of applications.

It has a number of lithium battery pack production lines, aging, capacity sharing and other production equipment and a large number of experienced industrial workers.

Lithium Iron Phosphate 3.2 volt cells for off grid solar, power bank, EV Bus, and other applications where you need heavy duty power capacity. Assemble together 16 units for a 48 Volt DC off grid battery bank.

This lifepo4 battery has a capacity of 314Ah and a nominal voltage of 3.2V. It is designed to provide high energy density and long cycle life of more than ...
