

Paris BESS solar Energy Storage BESS

The first large-scale battery energy storage system (BESS) in Wisconsin, a 110MW facility known as the Paris Solar-Battery Park, is now ...

The 110-megawatt (MW) battery portion of the Paris Solar-Battery Park went online this month, while the 200-MW solar portion of the project went into service in December.

The state's first large-scale energy storage project -- the Paris Solar-Battery Park in Kenosha County -- is now powering the energy grid with "sunshine after sunset."

In a bright move for the planet, Wisconsin just launched a solar-powered battery system that's changing how the state stores and uses energy. ...

The 110-MW BESS portion of the Paris Solar-Battery Park entered commercial operations this month, six months after the 200-MW solar farm built next door. The Paris Solar-Battery Park is located in ...

In December of 2020, the Commission issued a Final Decision for this project. In March of 2021, the case was reopened to consider a request by the applicant to ...

The first large-scale battery energy storage system (BESS) in the US state of Wisconsin, the 110MW Paris Solar-Battery Park, has come online. The ...
