

Price quote for 20-foot collapsible containers used at Russian airports

How to calculate the cost of shipping a container to Russia?

Below are the factors to consider when calculating the cost of shipping a container to Russia: The volume or weight of your cargo determines the kind of shipping you will use. For instance, sea freight deals mostly with the dimension of the goods while air freight deals with the weight of the goods.

How much VAT does Russia charge for shipping containers?

Russia levied a VAT of 20% on most imported products; some items have only 10% VAT on them. Summer is usually the peak season in Russia. However, it is better to ship your items during spring or autumn (when there are fewer crowds). Instant Rates For Shipping Containers To Russia Which Size of Shipping Container Will Work Best for Me?

Which is better FCL or LCL shipping to Russia?

FCL shipping is best for transporting lots of boxes, pallets and anything which will require a full container shipping to Russia of up to 45,000 lbs. LCL shipping is more affordable way to transport less than container load shipments to Russia. International house moving to Russia services - quick, easy and cheap.

What is a 40 ft container?

A 40ft container will store double the contents of a 20ft container. It is profitable for customers with large goods. A "Less Than Container Load" (LCL) is a pattern we created to enable many customers with small volumes of goods to share a container.
