

Ranking of large photovoltaic panel manufacturers

Who is the best solar panel manufacturer?

The top global solar panel manufacturers, based on how many they ship, include JinkoSolar, JA Solar, Trina Solar, and LONGi. However, the best manufacturer for your solar project will depend more on whether their products suit your budget, needs, and lifestyle.

Who makes the most solar panels in the world?

Tongwei Solar is the world's largest solar panel manufacturer; it shipped 38.2 GW of solar cells and solar panels in 2022. That's the equivalent of over 100,000 typical 350 watt (W) solar panels. On top of that, Tongwei Solar has an annual solar cell production capacity of 70 GW, and an annual solar panel production capacity of 14 GW.

Who are the top 10 solar companies in the world?

The major players maintained their leading positions throughout the list. The top four were LONGi, Jinko, Trina and JA Solar, the same order as last year. Chint (Astonergy), Tongwei, Canadian Solar, Risen Solar, DAS Solar, GCL SI and First Solar were among the top five to ten.

Who makes the best solar panels in the UK?

Project Solaris is the biggest solar panel supplier in the UK, and is also one of the best solar panel installers. It's been in business since 2011, and has completed over 45,000 solar panel installations nationwide. Are there any solar panel manufacturers in the UK?

Based on the 2025 market shipment forecast and technology analysis, this report provides an in-depth overview of the world's top 10 photovoltaic module manufacturers to help ...

As we have seen from our list of best solar panel manufacturers in the world and influential solar panel brands, there are many companies that develop and produce solar panels.

Wood Mackenzie's score-based ranking assessed more than 40 leading module manufacturers across 10 countries. These companies accounted for 62% of global production ...

On the first day of the conference, PVBL's annual ranking of the Top 20 Global Photovoltaic Module Manufacturers was announced. The revenue of the top 10 module ...

We've run through them below, in ascending order, based on each manufacturer's solar panel shipments in the first half of 2024. These shipments are measured in gigawatts-peak (GWp), ...

Each year, Wood Mackenzie answers this question with an analysis of the 40 largest solar panel brands across 10 countries. These companies alone account for 62% of global ...

The PVBL 2025 Global Top 100 Solar Brands rankings and the PVBL 2025 Global Solar Brand Influence

Ranking of large photovoltaic panel manufacturers

Report were unveiled at the 10th Century Photovoltaic Conference in Shanghai, ...

Wood Mackenzie has released its latest " Global Solar Module Manufacturer Ranking " report for the first half of 2025, which assesses solar panel companies on shipments, bankability and ...

Get access to our exclusive list of the most relevant solar panel manufacturers worldwide. Including information like GW capacity and contact details.

We'll tell you who the top seven solar panel manufacturers are based on the amount of shipments they send out, and give you a few details about each one. Most of the world's largest solar ...
