What is a concentrator photovoltaic (CPV) solar system?

Through the use of lenses, sunlight is concentrated on small high efficiency solar cells (triple junctions). Arzon Solar LLC is the worlds leading designer and manufacturer of concentrator photovoltaic (CPV) commercial solar power systems. Arzon Solar is powered by Amonix technology, experience and expertise.

Who is new BrightSource Energy?

New BrightSource Energy is a privately held company specializing in concentrated solar power (CSP) technology. They combine breakthrough solar technologies with advanced storage, implementation, and optimization capabilities to harness and manage renewable energy resources.

Who are the leading solar companies in China?
