

Swaziland solar glass processing manufacturers

Is Ngwenya Glass factory sustainable?

The Ngwenya Glass Factory in Eswatini stands as a beacon of sustainable industry, renowned for its commitment to eco-friendly practices and innovative use of recycled materials.

Who is Ngwenya Glass Factory?

This gifted group of artisans shape and mould glass into various animal species, breathing life into their creations with amazing personalities. While Ngwenya Glass Factory has been a success story since 1987, it is also a friend of the environment, with all glass pieces made from recycled glass collected throughout Swaziland.

What happened to Swazi glass craft?

The adjoining showroom has an impressive array of products. In 1981, management of the factory - then known as Swazi Glass Craft - was transferred to the Swaziland Small Enterprise Development Corporation. Four years later production came to a halt.

What are the products made from the Eswatini factory?

Today the factory's figurines, vases and tableware are exported worldwide. All these products are made from 100% recycled glass - primarily old soft-drinks bottles collected from around Eswatini (Swaziland) - and the factory employs a series of eco-friendly practices throughout the production process.
