

Uninterruptible Power Supply Black Technology

In case of an unplanned loss of power, your team can rely on BlackStarTech's Sentinel Power Pack Series as they are highly reliable, lightweight and can provide targeted power when needed.

It keeps your equipment going in case of power outage. The surge protection protects your gaming console, PC computers, monitors, modems, routers, switches, Ethernet data (RJ45) cables or (RJ11) ...

Uninterruptible power supply (UPS) provides surge, short circuit ...

Customizable UPS and BESS energy storage solutions in 110 VAC, 240 VAC, or 3-phase power that provide near-instantaneous protection from power interruptions and surges

An uninterruptible power supply, or UPS, is basically a surge protector, battery, and power inverter -- which turns the battery's stored energy into usable power -- in one.

Equipped with microprocessor-managed online double conversion technology, the E3 Pro RT range provides a fully protected sine wave current that is perfect for all computer networks. With its ...

Uninterruptible power supply (UPS) provides surge, short circuit and overload protection to prevent data loss. Connect your data / phone lines to UPS for total protection against outside environments. 3 ...

The QuantumCore Series provides near-instantaneous protection from power interruptions and surges for data centers, hospital ICUs, banks, telecommunications, utilities, 911 call centers, industrial sites, ...

It keeps your equipment going in case of power outage. The surge protection protects your gaming console, PC computers, monitors, modems, routers, ...

Uninterruptible power supply (UPS) products from BlackStarTech®; provides customizable energy storage solutions that come in a variety of voltages, including 110 VAC, 240 VAC, or 3-Phase Power.

The patented energy-saving GreenPower UPS technology achieves a very low power consumption to reduce energy costs, and allows a lower operating temperature that extends the life ...
